

Build Math Skills Free Single Digit Addition Worksheet for Kids

Fall Addition

Add the single digits and write your answer in each square.

$$\begin{array}{c} \text{2} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{4} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{8} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{7} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{3} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{9} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{2} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{7} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{5} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{3} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} = \square$$

Fall Addition

Add the single digits and write your answer in each square.

$$\begin{array}{c} \text{4} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{4} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{7} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{5} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{3} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{9} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{5} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{8} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} = \square$$

Fall Addition

Add the single digits and write your answer in each square.

$$\begin{array}{c} \text{2} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{5} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{7} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{7} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{4} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{9} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{9} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{7} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{2} \\ \text{Pumpkin} \end{array} = \square$$

$$\begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} + \begin{array}{c} \text{6} \\ \text{Pumpkin} \end{array} = \square$$
